Dr Anil Rai

Assistant Director General (ICT)

D.O. No. PS/ADG(ICT)/2020
November 9, 2020

Dear Sir,

The Department of Science and Technology (DST), Govt. of India has introduced India's own science and technology channel called INDIA SCIENCE, a 24x7 internet-based TV channel. It is implemented and managed by Vigyan Prasar, an autonomous institute of DST. India Science offers infotainment as well as educational content, aimed at spreading awareness and scientific temper among the masses. It is accessible on following platforms:

App: India Science App: Android/iOSApp
(download from Google play store/Appstore)
Website: India Science website: www.indiascience.in
India Science on You Tube: www.youtube.com/indiascience
India Science on Facebook: <https://www.facebook.com/indiasciencetv>
India Science on Twitter: <https://www.twitter.com/indiasciencetv>

As this channel is useful for students, teachers, scientists, research scholars, professionals and anyone who has interest in science and technology DG, ICAR has desired that all ICAR institutes to download the free APP or access through any internet enabled device. Since, it is an initiative of the DST, so you can be assured about its genuine and validated scientific information.

Yours faithfully,

Anil Rai
(Anil Rai)

Distribution

To,

All Directors of the ICAR Institutes/NRCs/PDs/Bureaux/ATARI
